UNITED STATES DISTRICT COURT  
NORTHERN DISTRICT OF CALIFORNIA  
SAN FRANCISCO DIVISION

IN RE: UBER TECHNOLOGIES, INC.,  
PASSENGER SEXUAL ASSAULT  
LITIGATION

Case 3:23-md-03084-CRB

MDL No. 3084

Honorable Charles R. Breyer

## JURY TRIAL DEMANDED

### This Document Relates to:

*LCHB128 v. Uber Technologies, Inc., et al.*, No. 3:24-cv-7019

**FILED UNDER SEAL**

**AMENDED BELLWETHER COMPLAINT AND DEMAND FOR JURY TRIAL**

Under PTO 21 (ECF 1950), Plaintiff files this Amended Bellwether Complaint against the Defendants named below. Plaintiff incorporates the allegations set out in the Master Long-Form Complaint filed at ECF 269 in *In re: Uber Technologies, Inc., Passenger Sexual Assault Litigation*, No. 23-md-3084 (N.D. Cal.).

1      **I.      DESIGNATED FORUM<sup>1</sup>**

2      1.      Identify the Federal District Court in which the Plaintiff would have filed in the  
3      absence of direct filing: Northern District of California.

4      **II.      IDENTIFICATION OF PARTIES**

5      **A.      PLAINTIFF**

6      2.      *Injured Plaintiff*: Name of the individual sexually assaulted, battered, harassed, or  
7      otherwise attacked by an Uber driver with whom they were paired while using the Uber platform:  
8      LCHB128.

9      3.      At the time of the filing of this Amended Bellwether Complaint, Plaintiff resides  
10     at: Phoenix, Maricopa County, Arizona

11     **B.      DEFENDANT(S)**

12     4.      Plaintiff names the following Defendants in this action.

13         UBER TECHNOLOGIES, INC.;<sup>2</sup>

14         RASIER, LLC;<sup>3</sup>

15         RASIER-CA, LLC.<sup>4</sup>

16     **C.      RIDE INFORMATION**

17     5.      Plaintiff was sexually assaulted, harassed, battered, and/or otherwise attacked by  
18     an Uber driver in connection with an Uber ride in Maricopa County, Arizona on June 28, 2024.

19     6.      Plaintiff was the owner of the Uber account used to request the relevant ride.

20     7.      Plaintiff ordered an Uber ride to take her home from work, approximately a 22  
21     minute trip.

22     8.      The driver's name was **Felix Perez Rodriguez**.

23     9.      Plaintiff initially got into the back seat. The driver suggested Plaintiff move to the  
24     front seat because her bags were taking up space in the back seat.

25  
26     <sup>1</sup> See PTO No. 6, at II(C) (ECF 177).

27     <sup>2</sup> Delaware corporation with a principal place of business in California.

28     <sup>3</sup> Delaware corporation with a principal place of business in California.

<sup>4</sup> Delaware corporation with a principal place of business in California.

1 10. Plaintiff agreed.

2 11. The driver pulled over, and Plaintiff moved into the front seat.

3 12. The driver then continued the ride, proceeding onto the freeway.

4 13. Once on the freeway, the driver touched Plaintiffs' thighs, breasts, and genitals  
(through her clothing).

5 14. The driver asked Plaintiff "is this okay?"

6 15. Plaintiff answered "no," but the driver continuing groping her until they arrived at  
7 the destination.

8 16. Mr. Perez Rodriguez had applied to be an Uber driver on October 31, 2017 at 9:47  
9 p.m. The entire application process with Uber took only two minutes. Uber finished its  
10 background check and made him an active driver on October 31, 2017 at 9:49 p.m.

11 17. Before Plaintiff was assaulted, Uber received multiple reports of misconduct by  
12 Mr. Perez Rodriguez.

13 a. On January 17, 2018, a male rider reported about Mr. Perez Rodriguez:  
14 "Driver was high and would not let me out of the car." He clarified that the vehicle had smelled  
15 like marijuana when he got in. The rider said he had asked Mr. Perez Rodriguez to stop multiple  
16 times but Mr. Perez Rodriguez had continued to drive until he reached the drop-off address.

17 b. On June 26, 2022, a male rider reported that Mr. Perez Rodriguez had  
18 asked inappropriate questions about whether the rider "liked boys" and that "Driver was being  
19 very sexual. Asking me to do him favors and parking at different places without my consent." He  
20 also said "Driver asked me to do sexual favors." Uber waitlisted Mr. Perez-Rodriguez while it  
21 investigated the charge. The rider gave an interview to Uber, explaining that the driver asked the  
22 rider to give oral sex. Mr. Perez Rodriguez also gave an interview, denying the charges and  
23 counter-accusing the rider of engaging in sexual misconduct. On June 30, 2022, Uber concluded  
24 its communications with the rider by saying, "We've already restricted this user's [meaning Mr.  
25 Perez Rodriguez'] access to the Uber app and are using the information you provided in order to  
26 take appropriate action with your report." That same day, Uber reactivated Mr. Perez Rodriguez.

27  
28

c. On October 29, 2022, a rider reported that Mr. Perez Rodriguez “drove fast with sudden braking.”

d. On March 13, 2023, a rider reported that “Driver had warped rotors on car – making stopping very questionable/unsafe. Vehicle shook when applying brakes and he had a broken exhaust making 1hr trip almost unbearable on our ears.”

e. On July 12, 2023, a rider reported that the driver used a racial slur (the “N” word) to refer to the rider.

18. The conduct described in the Master Long-Form Complaint and herein was a substantial factor in causing Plaintiff to suffer economic and non-economic harm.

### III. CAUSES OF ACTION ASSERTED

19. The following Causes of Action asserted in the Master Long-Form Complaint, including all allegations in support, are adopted in this Amended Bellwether Complaint by reference:

Check if Applicable	Cause of Action Number	Cause of Action
<input checked="" type="checkbox"/>	I	CLAIM B - NEGLIGENCE (excluding entrustment theory)
<input checked="" type="checkbox"/>	II	CLAIM C - FRAUD AND MISREPRESENTATION
<input type="checkbox"/>	III	CLAIM E - COMMON CARRIER'S NON-DELEGABLE DUTY TO PROVIDE SAFE TRANSPORTATION
<input checked="" type="checkbox"/>	VI	CLAIM G.1 - VICARIOUS LIABILITY- EMPLOYEE
<input checked="" type="checkbox"/>	VI	CLAIM G.2 - VICARIOUS LIABILITY- APPARENT AGENCY
<input type="checkbox"/>	VII	CLAIM G.3 - VICARIOUS LIABILITY-RATIFICATION
<input checked="" type="checkbox"/>	VIII	CLAIM H - STRICT PRODUCTS LIABILITY – DESIGN DEFECT
<input checked="" type="checkbox"/>	IX	CLAIM H - STRICT PRODUCTS LIABILITY – FAILURE TO WARN
<input type="checkbox"/>	X	CLAIM H - STRICT PRODUCTS LIABILITY – PRODUCTS LIABILITY ACTS

**IV. ADDITIONAL ALLEGATIONS IN SUPPORT OF VICARIOUS LIABILITY CLAIMS**

20. Plaintiff alleges that Defendants are vicariously liable for the following intentional torts committed by the driver in addition to being vicariously liable for the driver's negligence

21. **Assault.** The driver intended to cause harmful or offensive contact with Plaintiff or to cause Plaintiff apprehension of an immediate harmful or offensive contact. The contact would

1 offend a reasonable person. The driver caused Plaintiff apprehension of an immediate harmful or  
 2 offensive contact.

3       22.   **Battery.** The driver intended to cause harmful or offensive contact with Plaintiff  
 4 or to cause Plaintiff apprehension of an immediate harmful or offensive contact. The contact  
 5 would offend a reasonable person. The driver caused a harmful or offensive contact with Plaintiff.

6       **V.    ADDITIONAL ALLEGATIONS IN SUPPORT OF FRAUD AND**  
 7       **MISREPRESENTATION CLAIM**

8       23.   When ordering Uber rides, Plaintiff regularly looked at messages Uber conveyed  
 9 about the driver, including the driver's identity, the driver's photo, and the driver's "star rating."

10      24.   Indeed, the App makes it exceedingly difficult to order an Uber, identify the  
 11 vehicle, and enter the car without seeing messages Uber conveys through the App, to every  
 12 passenger, about the driver, including the driver's identity, the driver's photo, and the driver's  
 13 "star rating."

14      25.   If a passenger ordered a ride, and then never again looked at the App, she would  
 15 have no way of knowing when a driver was selected, when the driver would arrive, or what car he  
 16 was driving.

17      26.   In fact, the App prompts passengers to look at the App after they order the ride,  
 18 including specifically the messages regarding the driver, by sending notifications when a driver is  
 19 selected, when the driver is nearby, and when the driver has arrived.

20      27.   In communicating to Plaintiff about the driver, Uber did not disclose the previous  
 21 rider reports of driver misconduct described above.

22      28.   The concealed information was in Uber's possession and not otherwise available  
 23 to Plaintiff.

24      29.   Uber's failure to disclose the rider reports made the information it conveyed about  
 25 the driver materially incomplete.

26      30.   Had Plaintiff known about the driver's prior reports, she would not have taken the  
 27 Uber ride. Indeed, when ordering earlier Uber rides, at times Plaintiff declined a ride when a  
 28 driver had a low star rating.

1 VI. **ADDITIONAL ALLEGATIONS IN SUPPORT OF PRODUCTS LIABILITY**  
2 **CLAIMS**

3 31. **Safe Ride Matching.** Uber had the capability to, and did, [REDACTED]  
4 [REDACTED]  
5 [REDACTED]  
6 [REDACTED].  
7

8 32. At all relevant times, the Uber App automatically collected data on [REDACTED]  
9 [REDACTED]  
10 [REDACTED] Uber had the capability to use data [REDACTED]  
11 [REDACTED]  
12 [REDACTED]  
13 [REDACTED]  
14

15 33. Uber was aware that [REDACTED]  
16 [REDACTED]. To that end, [REDACTED]  
17 [REDACTED]  
18 First, [REDACTED]  
19 Second, [REDACTED]  
20 [REDACTED]  
21

22 34. Uber could have, but did not, [REDACTED]  
23 [REDACTED]  
24 [REDACTED]  
25

26 35. [REDACTED] known to Uber  
27 included: [REDACTED]  
28 [REDACTED]

1       36.    Uber's failure to [REDACTED] is evident by the  
 2 fact that Uber [REDACTED]  
 3 [REDACTED] Had Uber [REDACTED]  
 4 [REDACTED]  
 5 [REDACTED]

6       37.    Had [REDACTED]  
 7 [REDACTED]  
 8 [REDACTED] Plaintiff would not have been sexually assaulted.  
 9       38.    Alternatively, the Uber App should have warned Plaintiff that [REDACTED]  
 10 [REDACTED] a high risk of sexual assault.

11       39.    **Gender Matching.** The Uber App was in a defective condition unreasonably  
 12 dangerous to users or consumers, including Plaintiff, because the Uber app was designed with an  
 13 algorithm that matched female passengers with male drivers and had no modification to allow  
 14 female passengers the option to be matched only with female drivers.

15       40.    Uber tracks the rates of sexual misconduct and assault committed by its drivers  
 16 against its passengers and collects data on the gender of the driver and passenger involved in  
 17 those incidents. At all relevant times, Uber was aware that the risk of sexual misconduct or  
 18 assault is greater during Uber rides in which the driver is male and the passenger is female, like  
 19 the ride between the driver and Plaintiff. The risk of sexual assault associated with such pairings,  
 20 while known to Uber based on its internal data collection and analysis, was beyond that  
 21 contemplated by the ordinary user or consumer.

22       41.    Uber could have, but did not, modify its matching algorithm on the backend to  
 23 give female passengers the option to select female drivers. Such a modification is feasible  
 24 because Uber has made such modifications in markets outside of the United States, such as Saudi  
 25 Arabia. Uber has not modified the code of the matching algorithm on the backend for the version  
 26 of the Uber App available in the United States market to allow for female Uber passengers,  
 27 including Plaintiff, to choose gender-matched rides.

28

1       42.    Uber knew that a gender-matching option would have prevented assaults like the  
 2 one suffered by Plaintiff.

3       43.    Had a gender-matching functionality been available, Plaintiff would have toggled  
 4 it on for the ride in question.

5       44.    Use of the gender-matching option would have prevented her assault by her male  
 6 driver because Plaintiff never would have been in the car with this driver had a gender matching  
 7 functionality been toggled on and would, instead, have been paired with an entirely different  
 8 person.

9       45.    **App-Based Ride Recording.** The Uber App was defective in its design because it  
 10 could have been, but was not, designed to trigger automatic video recording of rides and the time  
 11 period immediately around them, whether through using the camera already installed on a  
 12 driver's cell phone during Uber trips, or through an external device linked to the App.

13       46.    The presence of cameras serves a deterrent function that significantly reduces and  
 14 prevents sexual assault and misconduct. Even the potential for a ride to be recorded serves a  
 15 deterrent function that significantly reduces and prevents sexual assault and misconduct.

16       47.    Uber is aware that the presence of cameras serves as a deterrent function that can  
 17 and does significantly reduce sexual assault and sexual misconduct and, to that end, has explored  
 18 the use of recording functionalities for the Uber App. But these recording functionalities (even if  
 19 they were available during Plaintiffs' ride) are inadequately designed to address sexual assault or  
 20 sexual misconduct committed by drivers against passengers.

21       48.    For example, Uber developers modified the code of the Uber App on the back end  
 22 to allow in-app video recording by the driver. That is, when toggled on by the driver, this  
 23 functionality allowed drivers to record internal footage of Uber trips using their phone's camera  
 24 as a dash camera.

25       49.    In addition to making the feature optional, rather than automatic, Uber coded its  
 26 in-app video recording functionality so that all recordings are encrypted in the Uber App and  
 27 locally stored on the driver's cell phone, meaning that recordings cannot be obtained by Uber, law  
 28 enforcement, or any third party without the express authorization of the driver.

1       50.    The result is that in-app video recording does not have any deterrent effect on  
2 sexual assault or sexual misconduct by drivers against passengers because drivers exercise  
3 absolute control over whether recording happens, and because drivers know that, even if the  
4 technology is on, third parties cannot access the recordings.

5 51. Had the Uber App included automatic video monitoring of rides, by definition that  
6 feature would have been engaged on Plaintiff's ride.

7           52.    Automatic video monitoring would have deterred the driver from assaulting  
8 Plaintiff.

9           **WHEREFORE**, Plaintiff prays for relief and judgment against Defendants for economic  
10 and non-economic compensatory and punitive and exemplary damages, together with interest,  
11 costs of suit, attorneys' fees, and all such other relief as the Court deems proper. At this time,  
12 Plaintiff does not seek injunctive relief, but reserves all rights to later seek such relief as  
13 appropriate under Fed. R. Civ. P. 15(b)(2) and Fed. R. Civ. P. 54(c).

## JURY DEMAND

15 Plaintiff demands a trial by jury as to all claims in this action.
